Fixed Index Annuity

Every retirement is different, each with its own financial goals and unique needs. But, many of today's retirement objectives are the same — asset protection, growth opportunities and a reliable income source.

That is why many Americans are turning to fixed index annuities. These products have helped millions of people reach their retirement goals with benefits like principal protection, tax-deferred growth and guaranteed income that cannot be outlived.

Understanding Fixed Index Annuities

What is a fixed index annuity?

A fixed index annuity is a contract backed by the financial strength and claims paying ability of the issuing company. This guarantees contract owners a retirement vehicle designed to protect assets while allowing for growth opportunities. It does this through a combination of powerful benefits:

- **Principal Protection**
- **Guaranteed Income**
- **Tax-Deferred Growth**
- **Liquidity**
- **May Avoid Probate**

How a fixed index annuity works

The long-term retirement product is purchased with an insurance provider that, in turn, guarantees principal protection, tax-deferred growth on assets and a reliable income stream. Throughout the course of the contract, the fixed index annuity can earn additional interest credits based, in part, on equity index increases.

As an insurance product, the fixed index annuity is not directly tied to any index. So, there are none of the exposure risks associated with direct stock or share ownership. The annuity cannot lose money due to volatility and the interest credited will never be less than zero.

The Power of a Fixed Index Annuity

A fixed index annuity offers a powerful combination of benefits that help protect against many of today's common retirement concerns.

Fixed Index Annuity BENEFITS	Common Retirement Concerns				
	Outliving Income	Index Volatility	Tax Exposure	Access to Funds	Taking Care of Loved Ones
Principal Protection	X	X	X		X
Guaranteed Income	X	X		X	X
Tax-Deferred Growth		X	X		X
Liquidity	X	X		X	X
May Avoid Probate				X	X

Principal Protection: Premium payments are secure, and each year any interest credited to the contract is locked in and cannot be lost due to index volatility.

Guaranteed Income: Flexible payout options available, including lifelong paychecks.

Tax-Deferred Growth: Earn interest on money without paying taxes on it until making a withdrawal, or distribution begins. It enables faster growth by allowing credited interest to compound over time.

Liquidity: Each contract defines various opportunities to withdraw funds, such as Penalty-Free Withdrawals, Partial Withdrawals, qualified care⁵ and lifetime income options. (Subject to applicable Surrender Charges.)

May Avoid Probate: If applicable, beneficiaries receive any remaining value in the contract while avoiding the expense and time spent in probate.

Choice 6

Choice 6 is a fixed index annuity designed to help protect hard-earned dollars from index fluctuations while offering interest growth opportunities based on increases in an index.

Premium Allocations

The initial premium payment can be allocated, in any combination, to either the fixed interest or any of the index strategies. Payments received after the initial premium automatically go into the fixed interest strategy. On each contract anniversary, there is an opportunity to transfer between the different values.

In the event of death, the beneficiary receives the entire Contract Value.

Surrender Values and Charges

The annuity's Surrender Value will never be less than 90% of the premium received, less any withdrawals, accumulated at the minimum guaranteed interest rate. If a Partial Withdrawal or Surrender is taken during the Surrender Charge period, a deduction will be taken out according to the Surrender Charge schedule.

Surrender Charge Percent	9.2	8	7	5.5	4	2.5	0

Money Access Options and Features

With the Choice 6 there is always access to money in the annuity. American Equity provides withdrawal flexibility and a variety of liquidity options.

Penalty-Free Withdrawals

This is a once a year opportunity (after the first contract year) to take a Penalty-Free Withdrawal from the contract. If the Market Value Adjustment (MVA) is elected at issue, a 5% Penalty-Free Withdrawal from the Contract Value is available. If the MVA is not elected at issue, the Penalty-Free Withdrawal is 10% of the Contract Value.

Market Value Adjustment (MVA)

This product offers an optional Market Value Adjustment (MVA) Rider. An MVA may increase or decrease the amount of a withdrawal in excess of the Penalty-Free Withdrawal amount or the Surrender Value. The MVA does not apply to Penalty-Free Withdrawals, any death benefit, the MGSV, or any distributions occurring after the Surrender Charge Period has ended. In general, as the MVA Index⁶ increases, cash surrender values decrease. As the MVA Index decreases, Cash Surrender Values increase. Interest Rates may be higher for contracts with an MVA Rider.

Qualified Care Needs

Available to annuitants under age 75 at issue.

Nursing Care Rider (NCR-100)⁵

If, after the third contract anniversary, the annuitant is confined to a qualified nursing care center for 90-plus consecutive days, a 100% Penalty-Free Withdrawal is available. A 20% Penalty-Free Withdrawal is available if the confinement occurs in the second or third contract year.

Terminal Illness Rider (TIR-100)⁵

If, after the first contract year, the annuitant is diagnosed with a terminal illness, a 100% Penalty-Free Withdrawal of the Contract Value is available.

Death Benefit

Death Benefit proceeds are paid to the named beneficiary(ies) with no Surrender Charges. Generally paid in a lump-sum, other income options are also available.
